

Welcome to Main Line Eye Specialists and Cosmetic Surgery Associates. We are dedicated to providing you with the most advanced eye care by our expert team of board certified Ophthalmologists, Optometrists and Opticians.

Choosing the right surgeon is a critical decision in your choice to have cosmetic or reconstructive surgery. Dr. Richard Roth is a dual board certified Oculoplastic Surgeon with advanced fellowship training. An oculoplastic surgeon has training in both Ophthalmology and Plastic Reconstructive Surgery. The specialty of Oculoplastics is an art that combines the meticulous detailed microsurgery techniques of ophthalmology with the aesthetic understanding of plastic surgery.

Main Line Eye Specialist physicians treat various eye disorders including but not limited to Glaucoma, Diabetic Eye Care and Macular Degeneration. We also provide the latest in Cataract Surgery and laser vision correction.

Our Optometrists offer thorough eye examinations, contact lenses and glasses.

Main Line Eye Specialists and Cosmetic Surgery Associates' comprehensive approach in vision and cosmetic care translates into highly satisfied patients. Unlike laser centers and clinics that specialize in only one procedure, the team approach means that each patient gets customized treatments by experienced physicians.

Dr. Richard E. Roth

Eye and Plastic Surgery
Surgical Ophthalmology
Board Certified Ophthalmologist

Dr. Richard Roth is an Oculoplastic and Reconstructive Surgeon who specializes in reconstructive, revisional and cosmetic surgery of the eyes and surrounding tissue and is one of the few dual board certified eye surgeons in the country.

After graduating with honors from Philadelphia College of Osteopathic Medicine, Dr. Roth was commissioned as an officer in the US Army Medical Corps where he completed his internship. As a Captain he

served three years as a Flight Surgeon and was named US Army Aeromedical Flight Surgeon of the year.

Upon completing active duty, Dr. Roth was chosen for residency training at New York Eye and Ear Infirmary, the oldest eye specialty hospital in the western hemisphere, where he was named Chief Resident and selected for the Austin T. Grey Memorial Scholarship award.

After graduating from residency, Dr. Roth accepted a fellowship position at the New York Eye and Ear Infirmary in the sub-specialty of Ophthalmic Plastic, Reconstructive and Orbital Surgery. Additionally, he completed a fellowship in the sub-specialty of Corneal Refractive Surgery.

In addition to maintaining a busy surgical practice, Dr. Roth is involved with several humanitarian organizations. He was a volunteer surgeon with the Community Cares for Kids Program and has participated in the Volunteer Health Program with the Institute for Latin American Concern in Santiago, Dominican Republic.

Dr. Roth is a Diplomat of the American Board of Ophthalmology and the American Osteopathic Board of Ophthalmology and Otolaryngology. He is a member of the American Academy of Ophthalmology, American

Osteopathic Colleges of Ophthalmology and Otolaryngology-Head and Neck Surgery and the American Society for Laser Medicine and Surgery.

Dr. Timothy F.M. Doyle

Comprehensive Ophthalmology

Dr. Doyle provides highly skilled general and urgent comprehensive eye care. He has extensive experience screening and treating a wide range of ophthalmic conditions including cataracts, dry eye syndrome, glaucoma, diabetic retinopathy and macular degeneration.

Dr. Doyle is a graduate of Philadelphia College of Osteopathic Medicine with a Doctorate of Osteopathy. He is a member of the American Academy of Ophthalmology, the American Osteopathic Colleges of Ophthalmology and Otolaryngology-Head and Neck Surgery, and the American Osteopathic Association.
